

## Zip Zone Events Milan Design Week 2023

Via Tortona 26, Milan

17th – 22nd April: 10.00 a.m.– 7.30 p.m.

23<sup>rd</sup> April: 10.00 a.m. – 5.30 p.m.

In occasion of Milan Design Week 2023, **Zip Zone Events** has created through a careful process of selection a collective exhibition which revolves around design, art, and innovative creations.

Zip Zone Events is an event format that was born more than twenty-five years ago from the intuition of Alessandra Stretti. She started her project in one of the most important worldwide hubs of fashion and design, namely the city of Paris. In the recent years it has established itself in the Milanese environment, bringing to Italy the concept of a collective exhibition, dedicated to creatives and to brands which range from the design world to the one of Art, Photography, and Jewels.

Thanks to the accurate selection of the exhibitors, we gave birth to an artistic environment where people can enjoy the new trends and discover emerging talents. It will be an occasion to take stock of the realm of today's design world and its main characters.

A real format conceived to fully enjoy the experience of Milan Design Week as a place to find the international community, rich of people coming from all over the world and who share a common passion for design and art.

In this dense cultural and artistic program does not lack the attention towards young artists, to whom we gave the chance to showcase their own creations in the design district par excellence in Milan, the one of Via Tortona.

In occasion of its sixth edition, Zip Zone Events presents various exhibitors. Among these we find the contemporary art gallery **Art Luxury**, which will exhibit a selection of paintings and sculptures of world-renowned artists like **Marco Lodola**, **Diederik Van Apple**, **Giuseppe Amadio** and **Sara Arnaout** among others.

There will also be the design and art creations of **Corrado Targon**, **Roberto Bucchi** and **Walter Puppo**, besides the unique furnishing accessories of **D&C Design e Carrozzeria** and the illuminated signs and plexiglas creations with lights of **Silveri Visual**.

Finally, among the projects and creations made ad hoc with innovative materials you will find those of

**Cycled Project**, **NerokrenDesign**, you will discover and see firsthand also a selection of accessories, jewelry and design objects, **Mikky Eger Jewellery Atelier**, **Carlo Forti**, **Ushak Atelier di Meraviglie**, **Tommaso Rotella**, **Phinitens** and more ....
